## TO OUR DAHLIA FRIENDS:

We wish to thank our many customers who are so kindly helping to increase the dahlia enthusiasm. It is gratifying to serve you year after year, which assures us that **Dahlias of Quality and Distinction** are a success and of increasing fame. The fanciers and flower lovers of the day have turned to this wonderful flower, realizing the possibilities of the dahlia for competitive exhibition, home beautifying and landscape effects.

It will be of interest to our patrons to know that **Break O' Day** won the Sweepstakes Prize at the First Annual Fall Flower and Dahlia Show at Leschi Park Pavilion, Seattle, Wash., Sep. 26 and 27, 1921, as the best bloom in the show of more than 35,000 blooms. Being an Eastern variety it is a triumph defeating the best of the Western Dahlias. Also awarded the American Dahlia Society Certificate of Merit at Storrs, Conn., 1920.

After you have carefully considered the Special Collections and catalogue in general we feel sure you will find it pays to buy from the grower direct who combines the sale of cut flowers with that of roots which tends to lessen the overhead costs, and enables us to give you a much better value.

Should you not find all of the varieties listed that you desire write us as we have hundreds of new varieties in trial but not in sufficient quantities to catalogue with any dependence of filling orders in full with our own stock, which we aim to do.

To our new friends we would say it will give us great pleasure to hear from you, and we assure you of the highest possible quality of our stock, as all the dahlias used in filling orders are grown here at

# Dahlias of Distinction

Each year gives us a more select list than ever before and more of the wonderful dahlias that are so near perfection.

In judging a dahlia the first consideration is color and form, then size, stem, substance, vitality and productiveness. Finally we determine its commercial value, either for exhibition, a garden variety for color massing, or a cut flower.

The size of a root does not determine the quality or vitality of a dahlia. A root two or three inches long with a healthy sprout is more desirable for planting than one or more roots of a much larger size.

The dahlias in this catalogue have been grown at Dahliadel Nurseries, Vineland, N. J., by Warren W. Maytrott, where twenty-four acres are devoted to the growing of dahlias exclusively, and where nothing but the finest and newest dahlias are grown.

Since the beginning we have dug out and destroyed all plants showing any signs of weakness or disease, and the improvement in the health and vitality of the stock has gone far beyond expectation. Only the varieties that show the most vitality and bloom freely throughout the season are catalogued. The colors are bright, clear shades and combinations.

Orders will be filled with strong field-grown root-divisions unless an unforeseen shortage should occur, in which case we will notify you, and growing plants will be sent direct from the Nurseries. We do not substitute.

## Guarantee

Only the best and strongest root-divisions are used in filling orders, and the utmost care exercised. But should an error occur, we will gladly rectify it if notified as soon as error is detected. Most failures in starting plants and roots are due to improper planting or because of attacking insects. No guarantee is given that plants or roots will grow and bloom, as that depends largely on soil, climatic conditions and attention. But should a root properly planted fail to start a shoot in two or three weeks after planting, return it to the Nurseries direct by mail and another will be sent at once.

## *Terms and Delivery*

Dahlia roots will be sent, carriage prepaid, C. O. D., unless cash accompanies the order; purchaser to pay C. O. D. charges. If cash accompanies the order, roots will be sent prepaid, by express or by parcel post, whichever is better, considering distance and size of order.

# Some of the Newer Varieties of Real Merit

All dahlias listed in this catalogue in heavy-faced type are of our own introduction, and have originated at or are disseminated by Dahliadel Nurseries.

- CARL OWEN** (Show). A 1922 introduction. Although the show dahlia is not the most popular type this dahlia has made such a good showing the last three years it will lead its class for a perfectly formed full-centre rich non-fading carmine red. Flowers borne on long erect stems, and of very good size for a show dahlia. Worthy of your trial .....3.00
- CLAREMONT** (Hybrid-Cactus). A 1921 novelty. Color soft rose pink with cream shadings. Large flowers are held high above bush on extra long stiff stems. Resembles Mrs. Geo. W. Elkins, Jr., in form, with narrower petals .....2.00
- DELLA V. POTTER** (Decorative). A pleasing shade of lavender, sometimes tipped white, of beautiful form and immense size. Very showy, and has long erect stems. Fine for exhibition and garden.....2.00
- DR. TEVIS** (Decorative). One of the largest and most attractive dahlias grown, color bronzy old gold, shaded and suffused violet rose. Flowers borne on erect stems. Fine for exhibition, and a dahlia of real merit. Has a tremendous record as a prize winner.....1.50
- GEANT DE LYON** (Collarette). Carmine maroon with a long cream collar. This attractive flower has made the Collarettes so much in demand for cut flowers. Very free flowering, with good strong stems.....1.00

FIELD OF BREAK O' DAY

## The Dahlia For Every Garden

---

This dahlia was introduced in 1917 at \$5.00 each, which was ahead of the dahlia fad. Our increased stock has enabled us to reduce the price to such an extent that it is within the reach of every one.

Plant three, six or a dozen Break O' Day in your garden. A Marvelous Value.

- CHIEFTAIN** (Decorative). Clear, light red, heavily streaked and splashed canary yellow; some flowers all red; very large and attractive, fine for exhibition..... .75
- CLARA BARTON** (Hybrid Cactus). A fine formed dahlia of good size borne in profusion. Color a beautiful creamy white. One of the finest of its kind yet produced... .75

## DAHLIADEL NURSERIES

Vineland, N. J.

# Dahliadel Collections

Owing to the popularity and success of last seasons collections orders will be filled for any or all from the 1921 catalogue at the same price.

Our 1922 Collections are the finest varieties ever offered in collections, especially Collection E, which is something altogether new and of exceptional value.

You will find that collections are the easiest and most economical way of buying dahlias, especially for the amateur. They are so selected from standard catalogued and up-to-date varieties that each collection contains a good variety of color and form in free and early flowering dahlias.

Any combination or all the collections will not duplicate, and will make a wonderful display for your garden.

Place your order early for one or all the collections, all five collections containing 42 roots for \$18.50.

Postpaid, and delivery guaranteed.

The Dahliadel Nurseries are situated on East Landis Avenue, and consist of seventeen acres of the finest and newest dahlias grown, eight acres of which are irrigated—a necessity where thousands of green plants are set out regardless of weather conditions. The equipment of the plant consists of a large concrete shipping and packing building, frost and fire proof, as much of the stock could not be duplicated in case of loss. Three greenhouses are devoted to propagation work, where the roots are bedded in January and grown at a low temperature. When the shoots are of proper size the cuttings are made and layered in sand from three to five weeks, then potted and protected until there is sufficient root growth to be planted in the fields.

Mr. Maytrott inaugurated his enterprise in a small way with two varieties, shipping to New York produce merchants. Today some three hundred and fifty varieties, including the finest procurable in this country and Europe, are grown on the seventeen acres, and the flowers are shipped daily in season, the plant supplying the very best trade in Pittsburgh and Philadelphia.

The spectacle at the Maytrott Nurseries in season is one of the sights of Vineland, acre after acre of gorgeous bloom making a scene of rare beauty, and the Nurseries are the objective of many Vinelanders and their visitors, the management always extending a hearty welcome.
